

The Hebrew University of Jerusalem

# Club 18-99

There's more to the summer holidays than sun, sand and sea!

You could spend the summer at the Hebrew University of Jerusalem, one of the leading academic institutions in the world, while soaking up the magic, culture and history of Israel.

Students aged from 18-99 can enjoy a variety of courses lasting from 3 weeks to 3 months. From Ulpan (Modern Hebrew) to Arabic, from Middle East Politics to archaeological digs and more, the choice is yours.

You can also spend a gap year, academic year abroad or even study on one of our seven MA programmes, all taught in English, at the HU's Rothberg International School.
